**We Are Leo**

"If I were to describe WE ARE LEO in one word it would be exceptional. They are brilliantly engaging and entertaining but what sets them apart is their character and clear ministry focus. They are a joy to minister with!

"I am a fan of We are Leo because of the emotion and passion for God in their music. The music always uplifts and encourages me. It always makes me feel good. I have the privilege of knowing the band personally. I must say, knowing the heart behind the music, combined with a fantastic, energetic live show, this band is a home run for youth."

"We Are Leo isn't a band - it's an experience. Of all the musicians I've worked with, these fellas are near and dear to my heart. In addition to putting on a fantastic show and engaging a crowd of any age, their collective heart for sharing the love of The Lord just flows from their music and touches people. They don't come to play a show, collect their guarantee and pack up. They stick around and engage with people. It's just who they are. I've never seen a better example of ministry embodied in musicians than with these fellas, and will absolutely be asking them back annually for as long as they're out there doin their thing."

If I had one word to describe We Are Leo it would be excellent. The songs are well crafted, catchy and impactful. The live show is high energy, dynamic and fun. "I am a youth pastor at a smaller church in small town Iowa. We had We Are Leo come do a show at our church over 2 years ago and everyone absolutely loved it. And then a few weeks ago they came to our high school camp I direct. It was an absolute blast! Not only was it so fun, but they were so personal with everyone. They had a solid message with their music. Everyone really enjoyed it! I thought we were too small for them to come, but they made time to minister to our group. Big time band, with a big time message, and big time hearts. Thanks We Are Leo for making time for us!"

...about the song Oxygen by We Are Leo...I love listening to that song because it lifts me up when I'm feeling down. Often times I question where my life is going and the daily choices I have to make. Am I in the right job? Should I be doing something more exciting with my life? Why do I feel so lonely? Am I being the best Christian I can be? Etc. The song Oxygen by We Are Leo reminds me that God is a part of my life and will always be there to help me through the tough times and tough decisions that come about.
